From local residents it was learned that the number of Soviets billeted in private quarters had increased. \*\*\*

25X1

\*  Comment. Contrary to a report of 17 April furnished by another source the same number of Pe-2s reportedly stationed in Goetzendorf in the previous months were again observed on 20 April. From two former reports it was believed that the bulk of the bomber regiment had been transferred to Parndorf.  It has not been clarified whether such a temporary transfer actually took place or whether a regiment from Deutsch-Wagram has been located in Parndorf since mid-April.
